ABOUT ME

I am a Technology Enthusiast and I believe that Programming is my superpower. I am an Entrepreneur, a Developer and an Educator. I have developed and deployed over 20 web and app projects in the past 5 years.

In addition to coding, I have a knack for teaching. I have mentored over 15,000 students in multiple Programming languages and frameworks in 500+ LIVE sessions through various online courses on Udemy, UpGrad and MyCaptain.

I have conducted several offline bootcamps in prestigious colleges including IIT Jammu and SCSVMV University, Kanchipuram. I have also taken webinars for student clubs and chapters such as IEEE and ACM in different colleges.

You can find me reading a thrilling murder mystery or writing my heart out when I am not working.
